SUPPLEMENTAL QUESTIONS

The purpose of this Supplemental Questionnaire is to obtain additional job related information in order to further evaluate you for the position. Answering these supplemental questions is required to complete your application for consideration. Accurately and honestly represent your experience and/or background. All information entered on this application, including your answers to the Supplemental Questions, may be verified. Please print neatly.

1. Working as a party pit dealer, you are required to multi-task (dealing cards, talking with guests, protecting game, counting, exchanging money for chips, etc). Briefly explain a previous position that required you to multi-task and why you feel that you will succeed as a party pit dealer.

2. Working as a party pit dealer, you have policy and procedures to follow in addition to looking good and providing excellent guest service. There are times that surveillance calls down to the pit to report a procedure error to the pit boss and you may be corrected in front of the players which might make you feel embarrassed. Briefly tell us about a time when things didn't go the way you wanted--like a promotion you wanted and didn't get, or a project that didn't turn out how you had hoped and how you received constructive criticism and continued to perform and complete your tasks.

3. Life happens and there are days when nothing seems to be going your way. Briefly tell us how you faced a personal problem while at work.

4. Party pit dealers are model dealers that wear specific uniforms based on the theme of the client and must always look their best and stay fit. Explain how you prepare yourself to always look and feel your best.

5. How would your friends describe your **style** and **image**?
